

Wilderness Over 90 percent of Glacier National Park has been recommended for wilderness designation. Preserving wilderness protects forever the land's wilderness character, natural conditions, opportunities for solitude, and scientific, educational, and historical values. Find out more about Glacier's wilderness on the park website.

- North
- 0 5 10 Kilometers
- 0 5 10 Miles
- Unpaved road
- Ranger station
- Picnic area

- Lookout tower

Driving Going-to-the-Sun Road Vehicles over 21 feet (including bumpers) or over 8 feet wide (including mirrors) are prohibited between Avalanche Creek and Rising Sun, and North Fork Road beyond Polebridge Entrance Station. Rock overhangs may pose difficulties for vehicles over 10 feet tall in traveling west from Logan Pass to the Loop. Guided tours are available; check at a visitor center.
